Summer camps are all about making new scout experiences and friends! We'll sleep in tents, learn new camp skills, sit by the campfire, enjoy daily activities, and go swimming. The enrollment is already open and closes on June 30th.

We follow the public coronavirus guidelines and respond to them as needed. Camp's plans will be adapted to the current corona situation closer to the camp. We expect about 50-100 participants and the whole camp can be organised only outdoors if needed. If the corona situation is getting worse in July, participants can cancel their registration and the camp fee can possibly be refunded to the participant.
