

# Adventure

28.6.-4.7. Skutviken, Raasepori

In the Adventure, you get new friends from other scout troops and in the camp program you travel around the Globe. At this camp you get to experience the atmosphere of a bigger camp, but with scouts from your own area. We live in tents and enjoy sunny outdoor life. We expect about 400 campers to attend.

The Adventure is a summer camp organized by the Tammi area scout group. The Adventure will be held from June 28th to July 4th, of which the cubs' camp time is from June 1st to 4th. The campsite is at Skutviken in Raasepori.

The camp for cubs (7-9 yrs) and squirrels (4-6 yrs) is shorter and it is from June 1st to 4th. Scout families (squirrels and little sister and brothers) are welcome for the entire duration of the camp if you want. The age group for campers will be determined depending on where you belong in the spring of 2023.

The program takes place in the program valleys. In addition, there is a hike in the program, which is a one-night hike where you go outside the campsite.

Cubs and squirrels do not participate in the hike. At the camp, you live in tents in your own camp troops.

During the camp, every explorer, rover and adult has a signed task. Task refers to a certain job during the camp for example organizing program or helping with catering.

In the registration form there is a possibility to apply for a signed task or possibly a task that has already been agreed upon. Please answer the form field your wish or no wish so that we can divide the camp tasks more easily. We also hope for an estimate of how extensive work could be done at the camp if you are

a

parent on squirrel camp. For explorers camp task is not full-day job, unless explorer herself wants it to be full day task.
